TOP LAYER ORGANOGRAM

POLITICAL STRUCTURE OF THE KAGISANO-MOLOPO LOCAL MUNICIPALITY

ADMINISTRATIVE STRUCTURE

MAYOR'S FOREWORD

It is my great pleasure and honour to present this last review of the five-year integrated Development Plan(IDP) that was adopted by council in 2021.

We are reviewing this plan mindful of the extreme financial strains that we find ourselves in, where:

- We are unable to keep up with payment of creditors within 30 days,
- Due to poor cash-flow, the municipality is unable to provide skills development to employees as per adopted workplace skill development plan(WSP).
- Low collection on property rates,

The municipality is 80% reliant on equitable share and this is a wake-up call to start to ensure that the municipality should never again experience these financial mishaps by implementing the municipal revenue enhancement strategy.

As we review this plan, we take note the intervention brought by MEC of local government and traditional Affairs through section 139(a) and I am pleased to indicate that the municipality is performing well on the directives, and we report to the MEC's office regularly as required.

We are working tirelessly to ensure that we create favourable conditions that will attract investors into our municipality that will eventually create job opportunities. We will continue to be the mouthpiece of our communities on issues which are not within our powers and functions that are constantly raised during mayoral outreach and other public platforms.

In my conclusion allow me to further to make a call on National, Provincial and District Departments to work together with the municipality. The municipality is the sphere on the ground hence there is a need to have an **"integrated"** Development Plan. Let the municipality be the first entry for projects implementations so that as the municipality we make our traditional authorities our first entry at ward and village levels

Cllr. M. Diphikwe
Acting Mayor

Acting Municipal Manager's Foreword

The municipal administration's responsibility and obligation is to fulfil tasks that have been assigned to by municipal Council, mainly, to create an enabling environment that supports local economic development and to design systems that will accelerate service delivery in the most efficient and sustainable manner.

As we review this municipal Integrated Development Plan, we are happy to indicate that even though the municipal fiscus are still in the red tape, we are able to pay statutory obligations and we were able to pay Ward Committees and EPWP Members after a very long time.

We are further delighted that as at the end of second quarter we were able to report 60% expenditure on municipal Infrastructure Grant (MIG). This breakthrough will warrant the municipality the chances to get additional funding.

Noting issues that the auditor general on the 2024/2025 audit, the National & Provincial Treasury has raised on municipal financial management and good governance we will strive to ensure :

- That the adopted daft budget is funded
- Vacant Senior management post are filled
- Ensure compliance with legislative requirements

We are pleased to announce that the municipal council has managed to write off R25 209 092 of unauthorised expenditure. This write off relate to non-cash item and we are determined to deal with all the Irregular, fruitless and wasteful expenditure by end of the financial year within the ambits of the law

Mr. O. Ntsimane
Acting Municipal Manager

VISION, MISSION & VALUES

A developmental municipality that provides sustainable and impactful services.

MISSION

To deliver quality driven services timeously.

To ensure involvement of local community and stakeholders in municipal affairs in a structured manner.

Strive to reflect in our operations the principles of Batho Pele

DEMOGRAPHIC PROFILE OF THE MUNICIPALITY
NORTH WEST: POPULATION DISTRIBUTION

South Africa: 62 027 503

North West: 3 804 262

Figure 1: Map of North West Province (Source: Census-2022)

GEOGRAPHIC AREA SIZE

Kagisano–Molopo Local Municipality(NW 397) is the second largest local municipality in the Dr Ruth Segomotsi Mompoti District Municipality, in the North-West province of South Africa. It was created at the local government elections of 18 May 2011 by merging the then Kagisano and Molopo municipalities.

Kagisano–Molopo covers an area of 23827 km² in the north-western corner of the North-West province. It borders on the Kgalagadi District of the Republic of Botswana to the north, Joe Morolong Local Municipality in the Northern Cape province to the south-west, Greater Taung Local Municipality to the south, Naledi Local Municipality to the south-east, and Ratlou Local Municipality to the east. The main villages in the municipality are Ganyesa, Morokweng, Tlakgameng, Piet Plessis and Bray.

The land mass is 58 % of the total area of the Dr. Ruth S Mompoti District Municipality area.

The municipality is classified as a category B Municipality as confirmed by the Demarcation Board in terms of the municipal Structures Act, No.117 of 1998.

DEMOGRAPHIC PROFILE

The demographic profile provides an analysis of key population and household trends in the Kagisano-Molopo Local Municipality area. The profile also provides important information on the spatial distribution of development and development pressures.

According to Statistics South Africa (Kagisano Molopo LM Census 2022), Kagisano Molopo Local Municipality has a total population of 112 130 with 29 850 households. Black Africans constitute 98% of the Kagisano Molopo Local Municipality's population. The most spoken or dominating language is Setswana. Males and Females are almost equal at 50% each with African Females dominating at 52,3% of the population

Population Size

	2011	2022	%
Black	97.769	109 896	98.0%
Coloured	911	1 171	1.0%
Indian or Asian	284	50	0.0%
White	3.739	884	0.8%
Total	102.703	112 130	

Source: Census 2022

Age

People under 15 years of age made up over a quarter of the population (34.9%), people aged between 15 and 64 constitute more than half of the population (59.0%) and people aged 65 and older constitute only 6.1% of the population.

Sex and age distribution

The above figure indicates that the population structure of Kagisano Molopo Local Municipality is made up of a higher percentage of persons between the ages of 0 to 34. The larger number of youth presents the municipality with challenges and demand on social services.

POPULATION BY FUNCTIONAL AGE GROUPS

	MALE	FEMALE	TOTAL
0 – 14 (Children)	20 255	18 836	39 091
15-34 (Youth)	17 825	18 684	36 509
35-64 (Adults)	12 637	17 064	29 701
65+ (Elderly)	2 767	4 070	6 837
Total	23 484	56 645	112 138
Dependency ratio = $\frac{(0-14)+65+}{(15-64)} \times 100$ = 69.4			

Source: Census 2022

The image above depicts population distribution by age and sex. The population of youth and children is high. The female population is higher than those of males in all age categories. This shows that the municipal population is more youthful.

The high proportion in children and youth age groups and the dependency ratio definitely calls for the municipality to focus, distribute, and facilitate limited resources in addressing day to day challenges faced by these age group in relation to education, job opportunities, and basic services.

Population statistics by age group

Population statistics by age group Municipality	Population	Youth Population (0-14)		Working Age Population (15-64)		Elderly Population (65+)	
	Population	%	Population	%	Population	%	Population
Kagisano Molopo	112 130	34.9%	39 133.37	59.0%	66 156.7	6.1%	6 839.93

Source: Census 2022

POPULATION GROUP

The municipality has seen a decline in white and Indian or Asian community compared to the previous census and an increase of Black and coloured community.

TOTAL FEMALES AND TOTAL MALES

Name	Frequency	%
Male	53 483	47.7%
Female	58 647	52.3%

Source: Census 2022

The study shows as per the above tables that the municipality continue to see more females population than males.

The female population is 52.3% compared to the male population of 47.7%

POPULATION GROWTH

Census 2011	Community Survey 2016	Census 2022
105789	102703	112 130

Source: Census 2022

According to the Census 2022 data, the population within the municipality is estimated at 112 130, which indicates that overall, the municipality experienced a population increase of about 9 427 () between 2016 (102 703) and 2022 (112 130)

EMPLOYMENT AND UNEMPLOYMENT LEVEL (Provincial)

Source: Quarterly Labour force survey: Q4:2024	
North-West	
Population 15-64 years	2 816.658
Labour Force	1 592.853
Employed	935.302
Unemployed	657.551
Not economically active	1 223.805
Discouraged work-seekers	339.227
Other	884.578
Rates (%)	
Unemployment rate	41.3
Employed / population ratio (Absorption)	33.2
Labour force participation rate	56.6

Source: Census 2022

The quarterly labour force indicate that the provincial unemployment rate is at 41.3 %, were not economically active group is 1 223.805, and discouraged work seekers stand at 339.227.

Unemployment by age group

Unemployment by age group shows that youth and particularly male youth take a lead or remain to be the highest unemployed. Female age between 35-44 are the highest unemployed.

Employment status by Sex for Weight, North -West	Male	Female
Employed	591090.4	349955.8
Unemployed	317288.3	340262.7
Unemployment rate (%)	34.9	49.3

Source: Census 2022

Unemployment rate by sex shows that woman are at the peak of 49.3% compared to the males population which is at 34.9

Disability by Dr RSM Municipalities and Disability status				
for Person weight				
	Kagisano/Molopo Local Municipality			
	No difficulty	Some difficulty	A lot of difficulty	Cannot do at all
Seeing	81958	11367	2597	210

Communication	93850	1843	345	106
Walking	90304	4142	1392	309

Source: Census 2022

Most facilities in the municipality are not user-friendly or compliant for people living with disabilities. The municipality in the financial year in question will advocate through the DDM, consideration of people living with disabilities.

EDUCATIONAL ATTAINMENT

POPULATION DISTRIBUTION (20 YRS AND ABOVE) BY HIGHER EDUCATION LEVEL ATTAINED 2016

Highest Level of Education

	Male	Female
No schooling	5802	7030
Some primary	14115	13592
Completed primary	3024	3181
Some secondary	12232	14566
Completed Grade 12/Matric	6751	9308
Higher education	968	1502
Other	102	118

Source: Census 2022

Statistic shows that high number of no schooling and those that do not have some primary schooling and further that most female make it higher learning institutions compared to the males.

Attendance and educational institution by Sex for Person weight, Kagisano/Molopo Local Municipality		
	Male	Female
No	24614	30725
Yes, Pre-school	130	92
Yes, Primary school (Grade R to Grade 7)	11000	10084
Yes, Secondary school (Grade 8 to Grade 12)	7400	7851
Yes, Special school for learners with disabilities	83	58

The municipality is showing a significant low numbers on both males and females attending pre-schooling, more need to be done to encourage registration of children at Early learning centres.

HOUSEHOLD COMPARISONS

Local Municipality	Community Sur 2016		Census 2022	
	Persons	Households	Persons	Households
Kagisano- Molopo LM	102 703	28 274	112 130	29 850

Source: Census 2022

The Municipality has seen an increase on the number of households compared to the previous statistics.

The municipality is already under pressure from existing basic service backlogs including housing. An increase in the number of people who are not economically active paints a bleak future. According to Census 2022, Kagisano-Molopo Local Municipality recorded 29,850 different types of households within the municipality. 28 901 of these properties were regarded as formal dwellings and 582 informal dwellings were reported

TYPES OF DWELLING

Types of Dwelling	Frequency	%
Formal dwelling	28 901	96,8%
Traditional dwelling	241	0,8%
Informal dwelling	582	2,0%
Other	126	0,4%

Source: census 2022

96.8% of the 29 850 total household constitute formal houses and at least 2.0 % constitute informal houses.

Female headed household

According to Municipalities of South Africa (Kagisano Molopo Local Municipality NW397) 2016, there was a total population of 102 703 in Kagisano Molopo local municipality and 28 274 households. The table below reflects the statistics of female headed households in the municipality.

Percentage of female headed households per municipality

Percentage of female headed households per municipality	Number of households	Female headed households	% Female headed households
Kagisano Molopo	28 274 (2016)	13 543, 246	47.9%

Source: census 2022

HOUSEHOLD SERVICES - Service delivery

ACCESS TO WATER

According to Statistics South Africa (Kagisano Molopo LM Census 2022), water reticulation to the household in the municipality is about 28.2% whereas 17.1% represents piped water inside the yard, 48.5% represents piped water on community stands and 6.2% have no access to piped water. This scenario is presented below.

Source: Census 2022

Ganyesa, Morokweng and Tlakgameng experience high number of new stands or settlement, so water reticulation to these new settlements is still a challenge. Therefore, community travel more distance to access water.

Sanitation

A total of 26.7% of the households within the municipality have access to a flush toilet that is connected to a sewage system and 1.8% is chemical toilets. A total of 68.8% of households used a pit toilet, 0.5% use bucket toilets, 0.6% use other forms of toilets while 1.7% don't seem to have access to any form of toilet.

Source: Census 2022

REFUSE DISPOSAL

The figures below indicate that refuse removed by the municipality at least once a week in each household which is 21.9% of the entire households.

Refuse removed by the municipality less often is 0.0%, Communal refuse dump is 2.3%, own refuse dump is 71.3% and no refuse removal is 2.7%. The refuse removal situation is presented in the table below.

Source:

Census 2022

71% of the households uses own refuse dump. The municipality is currently finalizing the licencing of land filled sites and once finalised, the municipality will engage on public participation and consultation with relevant stakeholders.

TYPES OF ENERGY

Type of energy	No. of households		
	LIGHTING	HEATING	COOKING
Electricity	27 844		17 225
Gas	29		7 070
Paraffin	61		172
Wood	0		5 269
Coal	0		14
Animal dung	0		18
Solar	154		10
Other	17		15

Source: Census 2022

98.5 % of the municipal population has access to electricity and only those in new settlements or stands are still in a process to be connected to the grid.

KAGISANO-MOLOPO LOCAL MUNICIPALITY'S POWERS AND FUNCTIONS

Objective: To exercise the powers and functions allocated to municipality and facilitate functions related to **water, sanitation, Housing and electricity**.

Intended outcome: To perform the local municipal powers and function and to facilitate the powers and functions of other spheres of government.

Section 155 (2) (c) of the constitution states that "the national legislation must make provision for appropriate division of powers and functions between category B and C Municipalities. Sections 83 and 84 of Local Government Municipal Structures Act No. 117 of 1998, provide precise division of powers and functions between category B & C Municipalities.

POWERS AND FUNCTIONS	
• Local Tourism • Municipal Planning and Development • Child Care Facilities • Billboards and display of advertisements in public places • Local Economic Development • Community safety • Libraries (Regulations and Facilitation) • Municipal Abattoirs	• Local amenities • Control of undertaking that sells liquor to public • Municipal Roads and Storm water management system • Cemeteries • Local Sport facility • Street lighting

PROCESS FOLLOWED TO DEVELOP THE IDP

An Overview of the Kagisano-Molopo Local Municipality IDP Process

Municipalities are required by the provisions of Chapter V of the Municipal Systems Act (32) 2000 to prepare and adopt Integrated Development Plan for the areas under their jurisdiction. Thus Section 25 (1) states that: "Each municipal Council must within a prescribed period after the start of its elected term, adopt a single, inclusive and strategic plan for the development of the municipality..." Furthermore Section 25 (3) (a) further elaborates that; "A newly elected municipal council may, within the prescribed period referred to in Subsection (1), adopt the integrated development plan of its predecessor, but before taking a decision it must comply with Section 29 (1)(b)(i), (c) and (d)".

However, in order to ensure consistency and compliance with legislative requirements, appropriate process for the drafting of integrated development plans need to be adopted. Thus Section 28 (1) of the Municipal Systems Act 2000 provisions that: "Each municipal council within the prescribed period after the start of its elected term in office and after following a consultative process within its area, must adopt a process set in writing to guide the planning, drafting, adoption and review of its integrated development plan. Thus, it is on this basis that council adopted the IDP process plan.

IDP and Budget steering committee

Section 21 (1) (b)(2)(a) and (b) of the municipal systems act of 2000 states that the mayor of the municipality must co-ordinate the process for preparing the annual budget and for reviewing of the integrated development plan and budget related policies to ensure that the tabled budget and any revision of the IDP and budget-related policies are mutually consistent and credible. It is on this basis that the IDP and budget steering committee were convened in March to consider budget and prioritised projects and programme.

IDP Representative Forum

The municipality through the IDP representative forum integrate departmental plans into the municipal IDP.

Community Based Planning

In respect to Section 29(b) (i) and (ii) of the Municipal System Act, the municipality due to budget constraints could not embark on community-based planning consultations, however relied on inputs on ward needs from ward community meetings by ward councillors and inputs made during Mayoral IDP and Budget consultations

Community Consultations are aimed at steering public participation in decision making and critically on bottom-up kind of approach in terms of village development.

Public participation or community engagement on the municipal affairs is critical, as it steers developments in the right direction and in an effective and sustainable manner.

Below herein are Ward needs emanating from community consultations highlighting the projects needs of communities that cut across the three spheres of government.

NB: Community/Ward Needs must be taken or regarded as a guiding tool for planning purpose.

DRAFT

WARD 1 KUDUNKGWANE

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Extension of water standpipes to new stands	Maintenance of High Mast Lights
Maintenance of current water standpipes	Fencing of cemetery
Provision of Livestock water	Blading and extension of the farm road (Kudungwane to community fms)
Electricity in-fills and Extensions	
Completion of the incomplete RDP Housing	
Provision of 24hrs health services at Kudungwane clinic	
Provision of Lerner's transport from Kudungwane to Tlakgameng	
Extension of Maebebe P. School	
Provision of a Police station in Kudungwane or Tlakgameng	
Provision of high learning institution in the municipality	
70 km Tared road from Kudungwane to Stella	
Early learning Centre fencing	
Provision of Gender Based Violence programs	
Provision of water reservoir(storage to curb water shortage)	

WARD 1 PIET PLESSIS

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Extension of current water standpipes	Provision of High Mast light
Provision of Livestock water	Provision of Piet Plessis Park
Maintenance of water Engines and standpipes	Revamp of Community Hall
Provision of 70km tarred road from Piet Plessis to Stella	Pavement of access road form Reitshokile Combined School to Piet Plessis Clinic
Provision of Tarred roam from Kudunkwane to Piet Plessis	Provide a library services at Thusong Centre
Electricity in-fills and Extensions	
Urgent request for Sectors departments to occupy Thusong Center	

WARD 1 GAMORAKILE SECTION

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Shortage of water	6 high mast light not energised (since erection)
Shortage of livestock water	

**WARD 2 TOSCA
WARD NEEDS**

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
24/7hrs health services in Tosca	Pavement of access road
Construction of Police Station	Re-connection of electricity at Community Hall
Community safety Patrols	Provision of Sports Facility
Upgrade of Tosca Primary School	Provision of EPWP and CWP
Pavement of Tosca RDP Houses access roads	Provision of land for settlement at Watermary and Sonop farm
Provision of VIP Toilets	
Completion of RDP Houses	
Fencing of dumping site	
Project for youth and community members	
Youth center	

WARD 2 BRAY**WARD NEEDS**

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Completion of 40 KM tarred road from Jakkalskop to Bray	Energizing of 10 High-Mast lights
Provision of Lerner's transport from surrounding farms	Upgrade of sport facility
Completion of RDP Houses	Closure of the Current Dumping site and erection of a new site
	Operationalise Bray Thusong Centre
	Water pump operator equipment

WARD 2 BOTSALANO

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Extension of Secondary School	Construction of Access Road from Botsalano Primary to the main road
Conversion of a clinic into health center and Increase of Nurses	Construction of Access road from main road to Secondary school
Provision of SASSA pay point	Upgrade of sport facility
Provision of ICT Resources	Pave from main road to the clinic & two schools
Provision of Security at clinic and schools	Provision of high mast lights
Prevention OF Stock Theft	
Electrification at Leseding & Ikageng section	
Provision of RDP Houses	
provision of VIP toilets at cemeteries	

WARD 2 MOROKWANENG

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Extension of standpipes	Provision of Access road from main road to Early learning Center
Provision of a Clinic	Fencing of cemetery
Provision of Primary School	High Mast light
Provision of a Learners transport	Maintenance of access road to the cemetery
Provision of SASSA Pay Point	Maintenance of sport ground
Extension of VIP toilets	
Provision of RDP Houses	
Completion of Houses	

WARD 2 GARAPIPA

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	LOCAL MUNICIPALITY
Provision of a Clinic	Energising of High Mast Lights
Extension of water standpipes	Fencing of cemetery
Provision of SASSA Pay Point	Access road from Garapiipa to Morokweng
Completion of Incomplete Houses	EPWP & CWP
Provision of Primary School	Alternative energy at rock water
Provision of VIP toilets	Maintenance of access road to the cemetery
Provision of RDP Houses	Provision of Access road from main road to Early learning center
Provision of Learners transport	
Extension of electricity	

WARD 3 MOROKWENG Seloseshu

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Electricity in-fills and Extensions	Extension of High Mast Lights
Provision of Housing	Maintenance of High mast lights
Extension of water standpipes	Provision of Community Hall
Provision of Learner Transport to Morokweng	Provision of Traffic management center
Completion of disaster houses	Provision of access road from main tarred road to Tshetshu Tribal Hall
Provision of VIP Toilets for Disability	Goats Projects
Provision of livestock rangers along Bona-bona road	Vegetables projects
Fencing of Tshetshu water Stream	Regular blading of the road leading to ploughing fields
De-bushing towards cattle posts	Provision of a Park with swimming pools
VIP Toilets extension and emptying of full toilets	
Provision of EPWP	

WARD 3 TSHETSHU

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Provision of Leaners transport to Morokweng	Provision of 10 KM Access Road from Morokweng to Tshetshu
Provision of Electricity infills	Energizing and Provision of 2 additional High mast lights
Provision of a clinic in Tshetshu	Provision of access road from main tarred road to Tshetshu Tribal Hall
Completion of RDP Houses	Provision of VIP toilets
Fencing of Tshetshu Tribal Hall	Provision of support for Morokweng bakery
Provision of EPWP	LED Projects
Extension of VIP Toilets	
Shortage of water	

WARD 3 MATLHABELTHABE

WARD NEEDS

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
Provision of Mobile clinic	Provision of High Mast Light
De-Bushing	Goats projects
Provision of RDP Houses	Provision of EPWP
Provision of Water reticulation	Fencing of cemeteries
Network tower	Provision of access road
Provision of VIP toilets	

WARD 3 GAMOKONYANE

WARD NEEDS/

DISTRICT/SECTOR DEPARTMENTS	KMLM RESPONSIBILITY
De-Bushing	Provision of High mast lights
Provision of Mobile clinic	Provision of EPWP
Provision of RDP Houses	Fencing of cemeteries
Provision of VIP toilets	Provision of access road

Provision of stock theft measures	

SPATIAL ECONOMY AND DEVELOPMENT RATIONALE

One of the main aims of Spatial Development Planning on a municipal scale is to achieve the optimum organisation and use of land resources in order to meet the social environmental and economic needs of present and future generations.

North-West Development Plan, 2013

The North-west Provincial Development Plan (PDP) is predominantly based on the National Development Plan (NDP) to align with the objectives and priorities it identifies as well as with the vision for 2030 of a united South Africa. In the North-West province eight of the priorities identified in the National Development Plan (NDP) were identified as key focus areas for the North-West Provincial Development Plan (PDP).

Strategic Objectives of the PDP:

- To Rebrand, Reposition, and Renew (RRR) the North-West Province.
- To position Agriculture, Culture and Tourism (ACT) as sustainable economic drivers in the North-West Province.
- To position and develop Villages, Townships and Small Dorpies' (VTSD) economies to contribute to economic growth of the North-West Province.
- To enhance social cohesion through reconciliation, healing, and renewal (RHR) among the peoples living in communities of the North West Province.

Significance to the Kagisano-Molopo LM:

Provincial Priority Area 4 recognises the following spatial transportation actions:

- Address the apartheid geography and create the conditions for more humane – and environmentally sustainable – living and working environments.
- To address the entrenched spatial patterns that exacerbate social inequality and economic inefficiency.
- Ensure that the delivery of housing contributes to the restructuring of towns and cities.

- Active citizenship in spatial development should be supported.
- Regulate human settlement patterns through: Strengthened instruments of land use planning.
- Settlement planning should ensure the creation of spaces that are liveable, equitable, sustainable, resilient, and efficient.
- Promote community involvement in spatial planning processes.

Provincial Spatial Development Framework, 2017

A set of interrelated strategic development objectives provide the foundation for the spatial development strategies for North West supporting the Spatial Development Concept. Five strategic objectives were identified providing Strategic Focus Areas (Areas of intervention on provincial, district regional and local level):

- Strategic Objective 1: Focus development on regional spatial development initiatives, development corridors, development zones and nodes.
- Strategic Objective 2: Protect biodiversity, water, and agricultural resources.
- Strategic Objective 3: Promote Infrastructure Investment.
- Strategic Objective 4: Support economic development and job creation guiding the spatial development pattern of North West.
- Strategic Objective 5: Balance urbanisation and the development of rural areas within North West.

Significance to the Kagisano-Molopo LM:

- Earmarked as a Priority Rural Development Zone.
- The Municipality have severe environmental constraints.
- The only node of size currently, is Ganyesa (Tertiary Node) which forms the administrative head of the municipality. The other nodes have a small economic base as well as small populations, mostly functioning as local service centres for the rural municipality.

- The Local Municipality falls within a REDZ Zone. o International Linkages towards Botswana

Municipal Spatial Development Framework

The Municipal Systems Act, Act No. 32 of 2000 (MSA) requires that each Municipality prepare an Integrated Development Plan (IDP) and Spatial Development Framework to serve as a tool for transforming local governments towards facilitation and management of development within their areas of jurisdiction.

The SDF is the primary spatial response to the development context, needs and development vision of the municipality. It is a key land use management tool which informs strategic choices and interventions especially regarding the future growth and development of the Municipality and has an important role to play in guiding and managing Municipal decisions relating to the use, development, and planning of land. It is a legislative requirement and should resonate with the national and provincial spatial development plans and priorities. The SDF is also a transformation tool. With its focus on spatial restructuring, it guides the location of future development in a manner that addresses the imbalances of the past. It enables the municipality to manage its land resources in a developmental and sustainable manner. It provides an analysis of the spatial needs and issues and provides strategies and programs to address these challenges

The 5 Founding Principles set out in SPLUMA apply to the Kagisano-Molopo SDF:

- o **Spatial Justice:** past spatial and other development imbalances must be redressed through improved access to and use of land by disadvantaged communities and persons.
- o **Spatial Sustainability:** spatial planning and land use management systems must promote the principles of socio-economic and environmental sustainability through encouraging the protection of prime and unique agricultural land, promoting land development in locations that are sustainable and limit urban sprawl, consider all current and future costs to all parties involved in the provision of infrastructure and social services so as to ensure for the creation of viable communities.
- o **Efficiency:** land development must optimise the use of existing resources and the accompanying infrastructure, while development application procedures and timeframes must be efficient and streamlined to promote growth and employment.
- o **Spatial Resilience:** securing communities and livelihoods from spatial dimensions of socioeconomic and environmental shocks through mitigation and adaptability that is

accommodated by flexibility in spatial plans, policies, and land use management systems.

- o **Good Administration:** all spheres of government must ensure for an integrated approach to land use and land development and all departments must provide their sector inputs and comply with prescribed requirements during the preparation or amendment of SDFs. This principle is the basis of this framework, largely because implementation of the spatial planning vision and objectives is not only highly dependent upon a strong coordinating role of central government, but is also predicated upon good governance mechanisms, incorporating meaningful consultations and coordination with a view to achieving the desired outcomes across the various planning spheres and domains.

Some National Policies applicable to the Kagisano-Molopo SDF

Policy	RELEVANT PRINCIPLES/DIRECTIVES
National Development Plan (NDP,2011)	Chapter 8 of the NDP, focuses on the country's spatial planning system (human settlement), it requires that: all municipal and provincial SDFs are translated into 'spatial contracts that are binding across national, provincial and local governments'; the current planning system should 'actively support the development of plans that cross municipal and even provincial boundaries', especially to deal with biodiversity protection, climate change adaptation, tourism and transportation; and every municipality should have an 'explicit spatial restructuring strategy' which must include the identification of 'priority precincts for spatial restructuring'. Significance to the Kagisano-Molopo LM: The NDP indicates that SDF's are a mechanism for binding municipalities and sector department to implement the IDP objectives and projects, as the SDF has the legal backing to do so through SPLUMA.
National Spatial Development Framework (NSDF,2020)	The NSDF is divided into 5 themes, aimed at protecting social, natural, and economic infrastructure. The NSDF provides guidance by indicating the expected level of service delivery per settlement hierarchy. Significance to the Kagisano-Molopo LM: Ganyesa is identified as a Rural Service Centre (whereby the nearest Regional Development Anchor is Vryburg), indicating it will need to provide more than just the basic services. Key functions to be provided according to the definition of a Rural Service Centre includes:

	- o Core Municipal Services. - o Social and Government services. - o Rural Logistics and Support. Kagisano-Molopo further falls within the National Transformation Corridor and Arid-Agri Region, as well as the National Resource Production Heartland Regions. The Municipality is situated west of the N14, and N18 National Transport Corridors.
Integrated Urban Development Framework (IUDF,2016)	The strategic goals inform the priority objectives of the nine policy levers, which are premised on the understanding that (1) integrated urban planning forms the basis for achieving integrated urban development, which follows a specific sequence of urban policy actions: (2) integrated transport that informs (3) targeted investments into integrated human settlements, underpinned by (4) integrated infrastructure network systems and (5) efficient land governance, which all together can trigger (6) economic diversification and inclusion, and (7) empowered communities; all of the above will demand effective (8) governance and (9) financialreform to enable and sustain these policy actions. In support of the NDP's vision for spatial transportation, four overall strategic goals had been introduced in focusing on integrated development within urban spaces: - o Spatial integration: to forge new spatial forms in settlements, transport, social and economic areas. - o Inclusion and Access: To ensure that people have access to social and economic services, opportunities, and choices. - o Growth: To harness urban dynamism for inclusive, sustainable economic growth and development. - o Governance: To enhance the capacity of the state and its citizens to work together to achieve spatial and social integration. Significance to the Kagisano-Molopo LM: As the Kagisano-Molopo Local Municipality consists mainly out of one (1) Rural Service Centre with six (6) other smaller towns, the IUDF will not directly impact the municipality but may need to align neighbouring municipal strategies that will be influenced by the IUDF (towards Vryburg).
National Infrastructure	The NIP provides background on the cabinet's decision to establish a body to integrate and coordinate the long-term infra-structure build known as the Presidential Infrastructure Coordinating Council (PICC). The PICC presents the spatial mapping of infrastructure gaps which analyses future population

growth, projected economic growth and areas of the country which are not served with water, electricity, roads, sanitation, and communication. Based on this work, eighteen (18) Strategic Integrated Projects (SIPs) have been developed and approved to support economic development and address service delivery in the poorest provinces. Each SIP comprises many specific infrastructure components and programmes.

Significance to the Kagisano-Molopo LM:

Currently, only SIP 10 is located within the Kagisano-Molopo LM (Electricity Submission which consist of a Renewable Energy Development Zone (REDZ) connecting to the grid between Kagisano-Molopo LM and Naledi LM) Kagisano-Molopo is also influenced by:

SIP 4 with regards to the unlocking of economic opportunities in the North west Province. Key Strategies regarding SIP 4 includes:

- o Acceleration of investments in road, rail, bulk water, water treatment and transmission infrastructure.
- o Enabling of reliable supply and basic service delivery.

Spatial Planning Land Use Management By-Law-

The Municipality adopted the Spatial Planning land Use Management by-law with the aim of establishing or implementing any measure to regulate the use or a change in the form of land and includes land development.

Spatial Planning Land Use Management –

In order to regulate land use in a municipality, including a town planning or land use/zoning scheme, or policies related to how land is used on a plot-by-plot basis the municipality adopted the Land Use Management Scheme.

Ganyesa Precinct Plan

Kagisano Molopo Local Municipality through the assistance of Department of Agriculture, Land Reform and Rural Development (DALRRD) in North West developed Ganyesa Nodal Precinct Plan.

Having regard to the provisions of the municipal Spatial Development Framework (SDF), 2021, Ganyesa is described as a “Rural Service Centre” and a “Local Node”. This is due to apart from providing residential accommodation, certain supporting facilities are situated in the settlement including municipal offices, a filling station and various shops and businesses. In this regard, and from a spatial perspective, it may be considered an opportunity that the larger Ganyesa Settlement is already identified and considered to be a major focal point for development within the Kagisano Molopo LM.

Linking the Municipal Integrated Development Plan (IDP) With the National Development Plan (NDP)

The municipal IDP embrace the National Development Plan's 2030 vision and subscribes to its objectives which stems from the nine diagnosed challenges that affect South Africa. The NDP is the over-arching policy framework for the country to substantially reduce unemployment, eliminate poverty and reduce inequality in South Africa by 2030.

The plan provides a vision for the country towards 2030 and outlines the guiding route that shall be followed towards the strides of radical socio-economic transformation.

In realizing the 2030 vision the municipality's IDP has taken into consideration the NDP's objectives together with its six pillars namely:

1. Mobilizing of all South Africans around a Programme to eliminate poverty and reduce inequality
2. Active engagement of the citizens in their own and the country's development
3. Expansion of the economy through the promotion of exports, the creation of more jobs and making growth inclusive.
4. Enhancement and mobilization and building of key capabilities

5. Building a capable and developmental state
6. Fostering of strong leadership through society with leaders from all sectors working together to resolve problems

Linkages of the IDP AND NDP

Key Chapters for NW	Municipal KPA
Building a capable and developmental state (strengthen accountability and coordination by government)	Institutional Transformation and organizational development Good Governance and Public Participation Planning and Development Financial Viability and Management
Economy and employment (job creation in all sectors by ensuring stability)	Local Economic Development Planning and Development Basic Service Delivery
Improving education, Training, and Innovation	Institutional Transformation and organizational development
Fighting corruption	Good Governance and Public Participation Financial Viability and Management Planning and Development

Intergration or Alignment of IDP and One Plan

The District Development Model (DDM) is an operational model for improving Cooperative Governance aimed at building a capable, ethical Developmental State. It embodies an approach by which the three spheres of government and state entities work in unison in an impact-oriented way, and where there is higher performance and accountability for coherent service delivery and development outcomes. It is a method of government operating in unison focusing on the municipal district and metropolitan spaces as the impact areas of joint planning, budgeting, and implementation.

The municipality will make use of this developmental model to promote the Tourism and Agricultural sectors as they have huge potential to grow the economy of this municipality. Mining is also one of the sectors that the municipality has not yet venture into and it will therefore call upon investors and prospectors to put money on this commodity that will eventually address unemployment crisis in the municipality.

MONITORING PROCESSES

Five-year Cycle and Annual Revisions

The Integrated Development Plan (IDP) is the Municipality's principal strategic plan that deals with the most critical development needs of the municipal area (external focus) as well as the most critical governance needs of the organisation (internal focus).

The IDP is adopted by the council within a prescribed period after a municipal election and remains in force for the council's elected term (a period of five years). It is drafted and reviewed annually in consultation with the local community as well as interested organs of state and other role players and guides and informs all planning and development, and all decisions with regard to planning, management, and development.

The IDP forms the framework and basis for the municipality's medium term expenditure framework, annual budgets and performance management system and seeks to promote integration by balancing the economic, ecological, and social pillars of sustainability without compromising the institutional capacity required in the implementation, and by coordinating actions across sectors and spheres of government.

Methodology and process followed to develop our IDP

It is important to understand the process followed to compile and review our IDP. The importance of the planning cycle, planning process, process plan, timelines, and community involvement in the IDP process are highlighted below.

The Planning Cycle

The diagram below illustrates the 5-year IDP and shows how the strategic direction for the consecutive annual plans is set. Every review will update the IDP with the latest information and provides opportunity for further enhancement of its credibility as the all-inclusive strategic plan of the municipality

The 2022-2026 Planning Cycle

Service Delivery and Budget Implementation Plan (SDBIP)

The SDBIP is the management and implementation tool which sets in-year information, e.g. quarterly service delivery and monthly budget targets, and links each service delivery output to the budget of the Municipality. It provides credible management information and a detailed plan how the Municipality will provide services, and which inputs and financial resources should be used.

It is the mechanism that ensures that the IDP and Budget are aligned. It is an expression of the objectives of the municipality in quantifiable outcomes that will be implemented by the administration for the financial period. It includes the service delivery targets and performance indicators for each quarter, which is linked to the performance agreements of senior management. It therefore facilitates oversight over financial and nonfinancial performance of the municipality.

The SDBIP also assists the executive, council and the community in their respective oversight responsibilities since it serves as an implementation and monitoring tool

Environmental management

Environmental Management promotes sustainable utilization of natural resources for the benefit of the present generation without compromise the opportunity of the future generation to benefit from the same resources.

Natural Assets and Potential

Soil:

The main types of soil occurring in the municipality are Glenrosa, Mispah, Plinthic catena, eutrophic and Red, yellow apedal, yellow <15% clay. Red, yellow apedal, yellow <15% clay is the most common soil occurring, the majority of the municipality is dominated by these deep sandy soils, which were deposited by wind. These soils are very sensitive to wind erosion and special management practices need to be implemented before cultivation can take place on this soil. Due to low and erratic rainfall these soils are not cultivated and are mostly utilized as natural veld or planted pastures¹.

Soil potentials for cropping are generally poor in the Kagisano-Molopo Local Municipality, with soils in much of the municipality being subject to wind erosion due to a low percentage of clay. Furthermore, soils are often shallow and characterized by rocky outcrops, which further reduce the potential of soils for crop production. There are areas with some potential in terms of cropping on the south eastern edge of the municipality. However, the arid climate, soil depth and clay content prevent these areas being cultivated in most cases. Land degradation in the municipality is highest in the former homeland areas to the west of the municipality. Levels of soil degradation in the municipality follow the same patterns with the former homeland areas suffering from moderately high levels of degradation. There are no protected areas in the municipality. The main land use within the municipality is that of cattle farming, as well as a small area in the south of the municipality that is used for crop farming.

Vegetation:

The vegetation of NW397 is characterized by turf thornveld and mixed Bushveld areas. It consists of mainly six (6) vegetation types covering an estimated 1135412.4ha, namely Ghaap Plateau Vaalbosveld, Kuruman Mountain Bushveld, Mafikeng Bushveld, Molopo Bushveld, Southern Kalahari Salt Pans and Stella Bushveld. This type of vegetation is good for cattle and rearing goats and wild animals. This suggests that potential of national and private game reserves exist. Productive use of land which is non-arable in alternative ventures like private farms run in partnerships with the local rural communities of the NW 397. The municipality is dominated by the savanna biome, with a small pocket of the grassland biome in the south-east. Vegetation in the Kagisano-Molopo Local Municipality is classified as least threatened or vulnerable in terms of the system of assessing biodiversity status used in the National Spatial Biodiversity Assessment 2004. This means that between 80 and 100% of the vegetation is in a naturally or close to naturally occurring state.

The monthly distribution of average daily maximum temperatures shows that the average midday temperatures for NW397 LM range from 18°C in June to 31°C in January. The municipal area is the coldest during June when the temperature drops to 0°C on average at night. The municipal area is semi-arid, with occasional hail and frost. The area receives variable rain with scattered thunderstorms and flooding. The floods are a nuisance as they make the un-tarred roads unusable thereby cutting off the villages from clinics and shops. During hot summers there is high evaporation and elevated temperature.

The area normally receives about 400 to 600mm of rain per year. A limited part of the geographical area adjacent to the eastern boundary has slightly higher rainfall averages between 400 and 600 per year. The average rainfall per annum is being calculated at 450mm. Thunderstorms and hails do occur but are lower than the figures obtained for the Highveld region. The municipality falls within the summer rainfall region of the country. The highest rainfall averages are recorded in figures in early and late summer and the lowest in mid-winter. The extreme north-west of the area is much drier with an average annual rainfall of between 200 and 300 mm.

Integrated Waste Management Plan

Municipal council adopted Integrated Waste Management Plan (IWMP). The primary objective of IWMPs is to integrate and optimise waste management planning in order to maximise efficiency and minimise the associated environmental impacts and financial costs, and to improve the quality of life for residents of Kagisano-Molopo Local Municipality.

Waste management

The municipality with the support from the Department of Forestry Fisheries and Environment (DFFE) is in a process to finalise licensing of Ganyesa, Morokweng and Tlakgameng landfill sites. Piet Plessis is licensed for operation, Tosca and Bray are respectively licensed for closure.

Waste collection function is not yet in operation due to licensing challenges and as a result residents are dumping waste everywhere. To address the illegal dumping, the municipality is developing the waste management by-law which will regulate disposal and collection of waste, including tariffs as well as indigent's households' collections.

Biodiversity and Conservation

Three wetlands that are: Tseng wetland, Kokwana wetlands and Morokweng wetlands are found in Kagisano-Molopo local municipality. In conserving these wetlands, the municipality is in communication with the traditional leadership in the affected areas. The municipality has not yet developed and adopted the biodiversity by-laws.

PROTECTED AREAS, HERITAGE, AND TOURISM

The Molopo Reserve was established in 1987 and has been restocked with game from other parks and reserves. (Northwest Parks Board, 2017). The reserve is located on 24 000 hectares against the Botswana border in the far west of the province, 250 km north of Vryburg and 7 km west of the village of Vostershoop. This remote Kalahari grassland and thornveld reserve is an arid savannah region of undulating grass and thornveld dunes offering a unique wilderness experience to the wildlife enthusiast.

The possible expansion of the statutory protected conservation area towards the north in the municipal area,

i.e., Molopo Nature Reserve should be supported as this will establish national and international tourism assets for the municipality from which an increasing number of jobs and income can be derived. Transfrontier opportunities can be investigated to link the northern

parts of the area towards the Central Mabuasehube Game Reserve/ Kgalagadi National Park

The NPAES 2016 has collated protected area expansion priorities from the provincial and national agencies. These priorities reflect the spatial priorities from provincial and other PAES, or alternatively, show the areas that are currently being incorporated into these provincial and agency strategies (numerous areas have been prioritised within the Kagisano Molopo Municipal Region).

The conservation areas and natural heritage wonders in the municipal area should be strengthened and marketed to create a unique 'Sense of Place' for the area.

Even though the Kagisano Molopo area presents many Eco-tourism, Agri-tourism, and other tourism opportunities, limited local tourism information is available for the area that promotes this sector.

Many tourist facilities and opportunities are inaccessible to the tourist markets, poor tourism infrastructure further restricts tourist development.

The recreational and tourism potential of these places of interest should also be further exploited.

Key tourism and Heritage resources include:

- **Driefontein Heritage Site.**
- **Molopo Game Reserve.**
- **Annual Bray July bushveld horse racing event.**

Gender Based Violence (GVB)

As we review this IDP, the challenge of Gender Based Violence remains daunting. However, there is greatly strengthened institutional base and wider ownership of the National Strategic Plan on GBV across government and an increasingly wider societal base amongst key sectors such as the faith sector and the private sector responding to the scourge. The implementation through the District Development Model (DDM) and National strategic Plan

(NSP) on GBV structures is being embedded in provincial and local government structures, and finally, there is an increasing understanding of and appetite for a multi-sectoral response which all offer positive leverage going forward.

Performance Management and gender lens

The municipality through the office of the mayor in integrating or aligning the National Strategic Plan(NSP) with the IDP has planned and budgeted to implement GBV related programmes which include among others Woman, Children, Youth, Disabled and the Elderly. With these programmes we intend to change and educate society on gender-based violence issues. See Key Performance Area on Good Governance and Public Participation.

Social intervention programmes

The municipality in implementing all its programs and projects is considerate on participation of woman. e.g., Construction of sport facility etc.

Involvement of Woman in decision making in the Municipality

The municipal executive committee is constituted by six(6) members of which Three(3) of them are woman, and the administrative wing is led by Six(6) senior managers including the municipal manager. One(1) of the seven senior managers is a woman.

Economic development initiatives

The municipality had approved occupancy certificate for Ganyesa Shopping Centre, and this led to employment opportunities for more than two(2) thousand young people.

STATUS QUO ASSESSMENT

SWOT analysis.

The table below is the SWOT of the Corporate Environment in the municipality

Perspective	Description	What are we currently doing	What can we do
Strengths	• Training and Development Programs • Availability of Skilled Personnel • Successful implantation of HR Policies	• Conducting Training as per WSP • By conducting Skills audit • By reviewing HR Policies annually	• Strengthening our WSP • Retaining the skilled employees • Alignment/ updating that match new trends
Weakness	• Lack of record keeping • Lack of fleet	• There is no proper filing system • Acquisition within available means	• Developing filing plan. • Centralizing Records management system • Increase budget for fleet in the outer years of MTREF
Opportunities	• Skills retention • Employee's bursary • Learner ships and Skills Programs	• Staff Retention Policy in place • Awarding bursaries to qualifying employees. • Awarding Learner ships and Skills Programs to unemployed youth	• Conduct employee satisfaction survey • Consider increasing the allocation. • Link them to organizations/ institutions that can employ them
Threats	• Resignation of qualified experienced personnel	• Maintaining staff morale	• Conduct employee satisfaction survey

The table below is the SWOT of the Service Delivery Environment in the municipality.

Perspective	Description	What are we currently doing	What can we do
Strengths	• Capable personnel • Strong Political Support • Project Management • Infrastructure Development	• Operation with available personnel • Reporting to portfolio committee • Monitoring and supervision	• Recruitment • Recruitment and procurement of fleet • Source more funding

		• Implementation of capital projects	
Weaknesses	• Inadequate infrastructure • Limited funding leading to lack of maintenance • Lack appropriate maintenance equipment • Aging Infrastructure (Not enough information about the current state/conditions of infrastructure) • Retention of Skilful Personnel Operation and Maintenance	• Improve infrastructure • Municipality utilize equitable share for maintenance • Minor repairs and renovation • Policy amendment • Operating with limited fleet	• Procurement of yellow fleet • Sources more funding • Rural allowance and salary packages • Collect data on municipal assets
Opportunities	• Funding from National Treasury • Corporate social investment (Funds from Lottery and private investors) • Necessitate Local Integrated planning • Outsourcing and tendering Benchmarking and learning from others	• Utilizing Equitable and MIG • Appointments of service providers • Engage other municipalities on good practice • Apply or sources funding	• Source more funding • Engage with other sector departments • Procure panel of services providers • Training of staff • Apply for funding • Attract investors
Threats	• Community Perception about local Municipality • Poor intergovernmental and coordination and relationship • Unrest and community riots • Impact of climate change (floods)	• Community consultation • Maintain damage infrastructure • Request intervention from relevant rector department • Stakeholder engagement	• Infrastructure development • Develop Service level agreements • Community consultation

The table below is the SWOT of Local Economic Development Environment in the municipality.

Perspective	Description	What are we currently doing	What can we do
Strengths	• Muscle to fund LED Projects • Strong political support/ will • Prime agricultural land • Expertise in field-crop farming	Funding done in an unstructured way There is will and support in the form of oversight from council and MPAC	Funding to be done based on funding policy, project implementation plan and LED strategy Continuously support and oversight
Weaknesses	Inadequate economic infrastructure Limited funding leading to lack of infrastructure maintenance Nonexistence of by laws Poor implementation and monitoring of LED strategy, Provincial & National Policy imperatives Limited youth participation	No proper records of the assets Acquisition of a draft and negotiate with traditional leadership noted for concurrence Create a database for youth owned businesses Youth in tourism, Agriculture etc. Youth desk in the office of the Mayor	Get the database/record of assets (Identifying where illegal occupation is taking place Develop appropriate bylaws & table to Council for adoption post consultation with Community
Opportunities	Development of route D327	Planning engagements with DDM Team	
	Agri parks implementation, market and industrial development opportunities at district level	Having the programme for more than 5 years without making impact	
	Strong opportunity for heritage center development as a tourist destination i.e., Driefontein heritage site	Currently there are consultations between Traditional Leadership, Province and community.	Differentiated approach to speed up implementation
	Farming and value adding production i.e., Feedlot, abattoir and goat massification	Having the programme for more than 5 years without making impact	Relook the feasibility of this program – reconceptualization programs to be impactful (Goat massification) – incubator model
	Bio-fuels, Agro –based pharmaceuticals (Medicinal plants)	Engaging with the DDM Team to develop implementation plan	

	Hunting and taxidermy (organized game farming)		
	Recycling and renewable energy opportunities		

The table below is the **SWOT of Budget and Treasury Office Environment in the municipality.**

Perspective	Description	What are we currently doing	What can we do
Strengths	Maintenance of standards as they are BTO policies	Financial policies in place Retention of BTO staff	Implementation of Revenue enhancement strategy
Weaknesses	Lack of human capacity in BTO High backlog UIF&W Expenditure Lack of proper record keeping	Training from Provincial Treasury, Local Government and in-house Development of UIF&W Expenditure Strategy Scanning – electronic keeping	Fill in critical positions Capacitate MPAC in terms of section 32 of MFMA Develop & put in place an appropriate filling plan
Opportunities	Identification of new revenue streams Licensing department (Learners licenses)	Development of revenue enhancement strategy and new revenue streams	Implementation of Revenue enhancement strategy
Threats	Financial going concern. (Unfunded budget) ¹	Development of revenue enhancement strategy and new revenue streams	Cost containment Financial Plan

The table below is the **SWOT of Good Governance and Public Participation Environment in the municipality.**

Perspective	Description	What are we currently doing	What can we do	Resources High/Medium Low (Type- Financial/Human)	Short-term 3-6 months Medium to long term +6 months

Strength	Improved Audit opinions	Implementing the audit action plan	Continuous engagements with Intern Audit and Auditor General Capacitate SCM Unit Appoint qualified personnel	Human	Short term
	IDP and Budget Forums	Ensure stakeholder participation	Utilize the DDM platform to strengthen participation of the forum.	Human	Short term
	Stable Political Leadership	Ensure Troika participation	Ensure committees functions.	Human	Short term
Weaknesses	Poor Internal communication	Communicate only on unit level	Submit the weekly plans.	Human	Short term
	Poor Managing Conduction Public Meetings	Non monitoring of Ward Schedule	Speaker to ensure monitoring and evaluation.	Human	Short term
	Non filling of critical positions	People acting on budget positions	Fill all the budgeted posts	Financial and Human	Medium to Long term

The high potential strengths and opportunities leverage KMLM to realize its vision: **A developmental municipality that provides sustainable and impactful services**

Strategies designed around these strengths and opportunities have a greater potential for success as KMLM uses its own strengths to maximize identified opportunities.

STATUS QUO ASSESSMENT

Municipal Status Quo, Objectives, KPIs, Target and Projects

The status quo assessment provides the state of affairs in the municipality in relation to the following Key Performance Areas:

- Institutional Development and Transformation
- Basic Service Delivery
- Local Economic Development
- Municipal Financial Viability and Management
- Good Governance and Public Participation

DRAFT

Key Performance Area: Basic Service Delivery and Infrastructure Investment

THEMATIC AREA	BASIC SERVICES DELIVERY	
NATIONAL GOVERNMENT STRATEGIC OBJECTIVES	• Massive Programme to build social and economic infrastructure • Sustainable Resource Management and use	
10 POINT PLAN	Improve the quantity of basic services for all people in terms of water, sanitation, electricity, waste management, roads and disaster management. (Infrastructure Services)	
NATIONAL PRIORITY OUTCOMES	Outcome 6: An efficient, competitive, and responsive economic infrastructure network	Role of Local Government • Ring-fence water, electricity, and sanitation functions to facilitate cost-reflecting pricing of these services • Ensure urban spatial plans provide for commuter rail corridors, as well as other modes of public transport • Maintain and expand water purification works and waste-water treatment works in line with growing demand • Cities to prepare to receive the devolved public transport function • Improve maintenance of municipal road networks • Develop and implement water management plans to reduce water losses • Ensure effective maintenance and rehabilitation of infrastructure • Run water and electricity saving awareness campaigns • Ensure proper management of municipal commonage and urban open spaces • Ensure development does not take place on wetlands
	Outcome 10: Environmental assets and natural resources that are well protected and continually enhanced	
Municipal Strategic Objective	Eradicate backlogs in order to improve access to service and ensure proper operations and maintenance	

Water:

District municipality in terms of powers and function is responsible for water services(Water Authority) and Magalies water board as water service provider. The municipality facilitate water provisions through the said organisations.

Water Service Level Agreement

The municipality has not yet signed the water service level agreement with the district as the water authority.

Access to water Services

Service	Frequency	%
Piped (tap) water inside the dwelling	8 425	28,2%
Piped (tap) water inside the yard	5 090	17,1%
Piped (tap) water on community stand	14 480	48,5%
No access to piped water	1 856	6,2%

Source: Census 2022

Villages with Access to Water through Tankering

The following villages have access to water through Tankering services, due to shortage of reticulated water supply network, dry-up boreholes, non-functional boreholes systems and vandalism of infrastructure.

Ward,4,5&14 Villages/Sections

Completed water projects

Dipudi water supply project:

- The project entail provision of bulk water

Bray Rural water supply

- The project entails provision of bulk water

Piet Plessis rural water supply

- The project entail provision of bulk water

On-going Water Supply Projects/Programmes

Matlhabetlhabe Rural Water Supply Programme

- The project entails source development of two boreholes.
- Construction of a 50KL elevated steel tank on a 15m stand,
- Construction of 2km dedicated pumping main and 13.822km internal reticulation of Upvc pipes.
- Equipping of two boreholes, construction of on 32 new communal standpipes, and chlorinated water supply.

Mabone Water Supply Programme

- Entails construction of a 150KL elevated steel tank on a 15m stand,
- 19,6km internal reticulation of uPVC pipes.
- Construction of 52 new communal standpipes , and
- Chlorination of water supply, equipping of two boreholes for pump backup supply with dual system to pump into system and construction of new booster pumpstation complete to into elevated tank from ground reservoir.

Tlapeng Bulk Water Supply Programme

- Construction of seven(7) Borehole pump stations
- Construction of approximately ± 18 Km of collector pipe lines to convey water from the boreholes to the bulk storage reservoir.

- Construction of one (1) three(3) ML reinforced concrete reservoir on the property Morokweng No 246 about 20 Km south of Ganyesa.
- Construction of approximately 46km of gravity main pipeline from the bulk storage reservoir feed to various villages in the area.
- Construction of two (2) break pressure tanks with valves chamber and pipes.
- Minor concrete valves chamber structure
- Construction of MV electrical power supply line.
- Other minor electrical works such as switch and building reticulation.

Bona-Bona Bulk Water Supply

- Entails provision of bulk water

Morokweng Bulk water Supply

- Entails extension of existing internal reticulation by approximately 12.097Km ranging from 63mm dia. To 90mm dia.
- U-PVC class 9 pipes, in order to fully upgrade Morokweng village to be services by communal standpipes within 200m radius.
- Construction of 34 additional communal standpipes. Refurbish three existing boreholes.

Ganyesa water Supply

- Entails extension of existing internal reticulation by approximately 8.484km 75mm U-PVC class 6 pipes, in order to fully upgrade Ganyesa village(Northern outskirts) to be services by communal standpipes within 200m radius.
- Construction of 20 additional communal standpipes.

Planned Water Projects

- Tlakgameng Bulk water supply
- Resuscitation of oxidation ponds projects in Bray, Morokweng, Ganyesa and Tlakgameng

Sewage Bulk Infrastructure

"Bulk infrastructure" means the public infrastructure by means of which water, sewerage and electricity are generated, collected, stored, purified, conveyed and disposed of, as the case may be, and which connects to the reticulation system which in turn distributes services to or from end users;

Kagisano-Molopo as a rural municipality do not have or in a position to provide bulk sewage services, and is utilising septic tanks.

The district municipality as the water and sanitation authority is providing Ventilated Improved Pit (VIP) toilets in the entire municipal jurisdiction.

The challenge that we normally we find ourselves in (municipality) due to the usage of septic tanks and VIP toilets is the contamination of underground water.

Refuse Disposal

Service	Frequency	%
Removed by local authority at least once a week	6 533	21,9%
Removed by local authority less often	10	0,0%
Communal refuse dump	680	2,3%
Communal container/central collection point	47	0,2%

No Rubbish Disposal	817	2,7%
Other	481	1,6%

Census 2022

Electricity & Energy:

The municipality is not an electricity license holder and as results Eskom is a provider and distributor of electricity in the entire municipality.

Energy for lighting

Service	Frequency	%
Electricity from mains	27 844	93,3%
Gas	29	0,1%
Paraffin	61	0,2%
Candles	1 693	5,7%
Solar	154	0,5%
Other	17	0,1%
None	53	0,2%

Energy for Cooking

Service	Frequency	%
Electricity from mains	17 225	57,7%
Gas	7 070	23,7%
Paraffin	172	0,6%
Wood	5 269	17,7%
Coal	14	0,0%
Animal dung	18	0,1%
Solar	10	0,0%
Other	15	0,0%
None	58	0,2%

The table above shows that 93% of the household are connected to grid and only 7% which is mainly constituted by new development of houses are still not connected.

In the 2024/2025 financial year Eskom electrified Phaposane Extension, Tshaneng extension and Gaa-Rrathebe extension.

Transport Management

Roads:

The extent of flexible paved roads assessed in Kagisano Molopo LM is about 19.91 km, the block pavement makes about 17.27 km. The unpaved roads consist of Gravel with about 26.65 km, Earth with 165.75 km and tracks with the extend of about 1062.69 km. The total network extent is 1292.27 km.

Kagisano Molopo LM has the largest portion of the network between Poor and Very Poor Condition (48% and 37% respectively), 3% of the network is in Fair condition, 7% is in Good condition and 4% is in a Very Good condition. In general, the network has deteriorated and requires immediate remedial actions that include maintenance and rehabilitation measures.

Kagisano Molopo local municipality is the custodian of the road assets and responsible for the maintenance of the assets. An asset management plan and the subsequent financial expenditure and budgets should be informed by them. Collaboration between Kagisano Molopo LM and the District is needed to optimise the Road Asset Management System (RAMS).

The tables below show the extent of the road network per surface type and RCAM (Road Classification and Access Management) Classification in Kagisano Molopo Local Municipality:

Surface Category	Surface Type	RCAM CLASS		TOTAL
		R4	R5	
Paved Roads	Flexible	12.02	7.89	19.91
	Block	10.24	7.03	17.27
Unpaved roads	Gravel	5.24	21.41	26.65
	Earth	2.14	163.61	165.75
	Tracks	3.71	1059.52	1062.69
Total		35.56	1259.07	1292.27

The total Flexible pavement network in Kagisano Molopo LM is 19.91 km. 17% is in Very Good condition, 45% is in good condition. 25% is in Fair condition, 13% is in Poor condition. There are no flexible pavement that is in Very Poor condition. 13% of the flexible pavement is in a poor to very poor condition, the network requires significant renewal or rehabilitation to improve its structural integrity. If no measures are not taken, the network condition will advance into structural failure. In general, 13% of the paved network is in critical state with VCI(visual condition index) of less than 50

Transport plan

The municipality has adopted the Local Integrated Transport Plan (LITP) which intends direct employment opportunities and activities, mixed land uses and high-density residential development into high utilisation public transport corridors interconnected through development nodes within the corridors and discourage urban sprawl where public transport services are inadequate.

Rural Road Asset Management System

The road asset management guides the development of the road network maintenance strategies within the background of technically sound prioritisation approach. The road asset management provides a framework within which the road network maintenance planning may be carried out.

Key routes

The major road links is R378 which links Ganyesa, Tosca from Vryburg and surrounding villages. Road (R379) branching from road R378, to Morokweng, Vostershoop and eventually Botswana is a primary route. This has a high volume of traffic. Other smaller feeder roads exist connecting villages to the main rural villages. However, most of these are not tarred and largely unusable during summer when occasional flooding occurs. This makes access between the villages impossible.

The road passing from Kudungwane, Tlakgameng through Ganyesa to the south-west is also a primary route, serving as the main link to Kuruman.

New Road Network

Kagisano Molopo is an agriculture-based municipality, farming livestock, game and crops. It boasts production of potatoes, peanuts, cabbage, carrots and onions amongst crops, and breeds cattle, sheep, and goats amongst livestock as well as game farming. Most of the crops produced are exported to neighbouring provinces, such as the Northern Cape and neighbouring countries such as Namibia and Botswana, as raw materials for consumption and/or further processing. Thus, a large portion of income is derived from the agricultural sector.

The importance of surfacing the following roads in cognisance of the agricultural economic contribution into the municipality will go a long way.

- Surfacing of road D739 from Jakkalskop to Bray, this road serves as a primary road which links the municipality and Botswana.
- R375 providing a link between the N18 and settlements across the municipality northern border with Botswana.
- R379 from Tseoge to Vorstershoop to Makopong (**Molopo Game Reserve**)
- Road D 966 from Vryburg junction to Louwna
- Road D 3528 from Tseoge to Tosca and
- Road D968 from Piet Plessis to Stella

Social Services

Housing:

In terms of section 9(1) of the National Housing Act (107 of 1997), every municipality must, as part of the municipality's process of integrated development planning (IDP) take all reasonable and necessary steps to ensure that the inhabitants within its area of jurisdiction

have access to adequate housing on a progressive basis by setting housing delivery goals, identifying suitable land for housing development and planning, facilitating, initiating and co-ordinating housing development in its area of jurisdiction.

The review of the Housing Sector Plan is critical to enable the municipality to engage choose suitable land with the aim of facilitating spatial restructuring, building linkages between housing delivery, spatial planning and infrastructure system, and supporting the integration into Municipal Integrated Development Plans (IDP) as well as informing the Provincial Housing Development Plan, however the municipality does not have the housing sector plan. The last time the department of human settlement reviewed the municipal housing sector plan was in June 2014.

Housing Backlog

- Kagisano-Molopo Bray 403 phase 1
- Kagisano-Molopo (800 Subs), Ganyesa, Moswana, Goodwood, Phaposane, Gamanyai, Morokweng, Tshetshu, Morokwaneng, Pouval, Bona-Bona, Tlapeng and Tlakgameng.
- Tseoge housing project

Unblocking Kagisano 800 Phase 1

Department of Human settlement appointed a contractor for 73 units in Ganyesa, Dipudi, Tlapeng, Magabue, Kudunkwane and Tlakgameng in order to address the backlog.

Health:

Department of health is providing health services to the following Community Health Canters:

- Ganyesa CHC
- Morokweng CHC and
- Tlakgameng CHC and 13 Clinics which operate 8 hours and two of them (Tseoge and Phaposane clinic) operate till Saturdays.

Emergency Services

Emergency services is provided only from Ganyesa CHC: focusing on Ganyesa health area, and Morokweng CHC: focusing on Morokweng health area.

Hospital

Ganyesa District Hospital serves all the CHC including clinics and refers patients to Joe Morolong Hospital.

Mobile Services

The department is further providing mobile services to villages that have clinics operating 8 hours including CHCs.

- Ganyesa Health area
- Morokweng Health area
- Tlakgameng Health area

Health services Challenges

The department is faced with amongst others:

- Shortage of nurses or staff
- Unreliable mobile services
- Shortage of Emergency vehicles
- Community being unable to access basic health services in areas where clinics operate 8 hours
- Most of clinics operating 8 Hours, they do not have privacy.

Health services Backlog

- Construction of New Ganyesa CHC

Access to water (health facilities)

All health facilities have access to water services except for Kgokgole clinic, Kgokgojane Clinic, Phaposane and Setabeng clinic

Education:

School backlogs

Department of Education started construction of the two new primary schools that is' Loretlweng Primary school in Ganyesa and Bona-Bona primary in Bona-Bona, and communities or beneficiaries in the said villages were left stranded as contractors had deserted sites.

Schools with Water Challenges

- Modise Kanono

- Reitshokile combine
- Kudungwane P. School
- Kamogelo P. School
- Tosca Primary School
- Educar
- Pica Pau Secondary

School with Sanitation Challenges

- Mapitiki P.School
- Huhudi High School(Small Drain)

School with Learner Transport

- Louwna
- Kgononyane High School
- Modise Kanono
- Raditshane Secondary School
- Ecron Primary School
- Moreri Middle School
- Itsholetseng
- Tshipietsile Secondary
- Sebetwane Scondory
- Pitso Letlhogile
- Thuso Thebe
- Reitshokile Secondary

Safety and Security

The municipality has seven (7) police stations of which four (4) of them are Border post stations.

- Ganyesa Police station
- Morokweng Police Station
- Piet Plessis Police Station
- Bray Police Station(Border)
- Boshhoek Police Station(Border)
- Makopong Police Station(Border)
- Vostershoop Police Station(Border)

Challenges

- Communities travel long distances to access the services in Ganyesa and Morokweng
- There is a serious shortage of staff and Police Vehicles to service all villages.
- There are no proper or good roads and therefore the turn-around response time is bad

DRAFT

Key Performance Area: Good Governance and Public Participation

THEMATIC AREA	Governance, Public Participation & Intergovernmental Relations	
NATIONAL GOVERNMENT STRATEGIC OBJECTIVES	Building a developmental state including improvement of public services and strengthening democratic institutions	
10 POINT PLAN	- Municipalities that have reliable and credible Integrated Development Plans (IDP's) that are used as a guide for every development, programs, and projects within that municipality. - Develop a coherent and cohesive system of governance and a more equitable intergovernmental fiscal system. - Build and strengthen the administrative, institutional, and financial capabilities of municipality, and all municipalities should have clean audits. - The creation of a single window of co-ordination, support, monitoring and intervention as to deal with uncoordinated interaction by other spheres of government with municipalities including unfunded mandate.	
NATIONAL PRIORITY OUTCOMES	Outcome 9: Responsive, accountable, effective and efficient local government system Outcome 12: An efficient, effective and development oriented public service and an empowered, fair and inclusive citizenship	- Adopt IDP planning processes appropriate to the capacity and sophistication of the municipality - Implement the community work Programme - Ensure ward committees are representative and fully involved in community consultation processes around the IDP, budget and other strategic service delivery issues - Continue to develop performance monitoring and management systems - Ensure councils behave in ways to restore community trust in local government
MUNICIPAL STRATEGIC OBJECTIVES	To promote a culture of participatory and good governance	

Internal Audit Function

The municipality utilises the district internal audit unit through a shared service agreement. The unit, audit the municipality quarterly and annually in order to raise red flags before auditor general's audit.

Audit Committee

Section 166 of the MFMA requires each municipality to have an audit committee which is an independent advisory body. Due to lack of institutional capacity the municipality entered into shared service agreement with the district municipality to carry out this legislative mandate.

Oversight Committee

Municipal Public Account Committee (MPAC)

In relation to section 79 of the Municipal Structures Act, the municipal council appointed five (5) members of the municipal public account committee tasked to exercise oversight over the executive functionaries of council and to ensure good governance in the municipality.

Disciplinary Board

The municipal council has appointed the disciplinary board as a legislative requirement to supplement the work the Municipal Public Account Committee's work in dealing with the Unauthorised, Irregular, fruitless & wasteful expenditure.

Ward Committees

The municipality established ward committees in fifteen (14) wards, comprising of 10 members each. All the established ward committees are functional, and they report to ward councillors accordingly.

Council Committees

The following council committees were established as per section 80 of the Municipal structures Act:

No.	Name of the Committee	Numbers of Members
1	Corporate Support Services	5
2	Budget and Treasury	4
3	Technical Services	4
4	Planning and Development	4
5	Community Services	4
6	LED, Agriculture & Tourism	

Supply Chain Committees (SCM)

Sections 38 (1)(a)(iii) and 51 (1) (a) (iii) of the Act, prescribes that accounting officers / authorities must ensure that the institution has and maintains an appropriate procurement and provisioning system which is fair, equitable, transparent, competitive and cost-effective.

The following Bid committees are established:

- Bid Specification Committee
- Bid Evaluation Committee and
- Bid Adjudication Committee

Management and Operational System

The municipality has not yet automated customer care system however had appointed a customer care officer who is responsible for customer care management. Complaints management boxes are distributed in public places and are attended to, on bi-monthly basis. Furthermore, communities are given platform to call municipal office and register their complaints which in-turn are responded to within seven days.

Fraud Prevention Plan

An effective fraud prevention, detection and response capacity is vital for KMLM's ability to discharge its mandate effectively and credibly for communities and any other stakeholders concern. Fraud risk management is also a crucial part of good governance and therefore helps safeguard KMLM's reputation, as a result the municipal council adopted the fraud and corruption manual.

Communication Strategy

As a blueprints for communicating with the public, stakeholders, or even colleagues, the communication strategy and public participation policy were reviewed and adopted by council.

DRAFT

Key Performance Area: Municipal Transformation and Organisational Development

THEMATIC AREA	Municipal Transformation, Institutional Development & Labour Matters	
NATIONAL GOVERNMENT STRATEGIC OBJECTIVES	- Building a developmental state including improvement of public services and strengthening democratic institutions - Strengthen the skills and human resource base	
10 POINT PLAN	- Restore the institutional integrity of municipality - Develop and strengthen a politically and administratively stable system of municipalities. - Uprooting of corruption, nepotism, maladministration in our system of local government.	
NATIONAL PRIORITY OUTCOMES	Outcome 5: A skilled and capable workforce to support an inclusive growth path	- provide work experience programmes in municipalities - Link municipal procurement to skills development initiatives buoyant
	Outcome 12: An efficient, effective and development oriented public service and an empowered, fair and inclusive citizenship	- Ensure councils operate in ways to restore community trust in local government - Continue to develop performance monitoring and management systems
Municipal Strategic Objective	Improve Organisational Cohesion and Effectiveness	

Work Skills Plan (WSP)

Work Skills plan is annually adopted alongside with the municipal Integrated Development Plan and municipal budget.

Organisational structure

The municipality has reviewed and adopted the organisational structure that is aligned to the Integrated Development Plan and municipal Budget. The institution in its current workforce has skilled and knowledgeable staff and acknowledge there are still critical vacant posts.

Vacancy rate

Municipal vacancy rate is at 25%

Work Skills Plan and is effectively implemented.

Human Resource Management Strategy or Plan

Human Resource Plan (HR Plan) is tabled and adopted together with IDP as sector plan.

Monitoring, Evaluation and Reporting processes and system

Section 56 Managers report to the municipal manager on a quarterly basis. The report reflects on key performance indicators and performance targets of the Service Delivery and Budget Implementation Plan.

Monthly reporting

Municipal manager as per section 71 of the MFMA report on monthly basis on the actual revenue targets and spending against the budget.

Quarterly reporting

The mayor on quarterly basis submit report to council on the implementation of the budget and the financial state of the municipality as per section 52 of the MFMA.

Mid-year reporting

The municipal manager as outlined by section 72 of the MFMA in January each year assesses performance of the municipality during the first half of the year.

Annual Reporting

On annual basis the municipal council adopt annual performance report reflecting on performance of the municipality and of each external service provider during the financial year.

Key Performance Area: Municipal Financial Viability

THEMATIC AREA	Financial Management and Administrative Capacity	
NATIONAL GOVERNMENT STRATEGIC OBJECTIVES	Building a developmental state including improvement of public services and strengthening democratic institutions	
10 POINT PLAN	• Restore the institutional integrity of municipality • Develop and strengthen a politically and administratively stable system of municipalities • Uprooting of corruption, nepotism, maladministration in our system of local government. • Build and strengthen the administrative, institutional, and financial capabilities of municipality, and all municipalities	
NATIONAL PRIORITY OUTCOMES	Outcome 12: An efficient, effective and development oriented public service and an empowered, fair, and inclusive citizenship	• Comply with legal financial reporting requirements • Review municipal expenditures to eliminate wastage
MUNICIPAL STRATEGIC OBJECTIVE	To improve overall financial management in the municipality by developing and implementing appropriate financial management policies, procedures, and systems	

Tariff Policy and Rate Policy

The municipality has reviewed and adopted the tariff and property rates policy.

SCM Policy

Section 111 of the Municipal Finance Management Act requires each Municipality and Municipal entity to adopt and implement a supply chain management policy, which gives effect to the requirements of the Act. In addition, the Preferential Procurement Policy Framework Act requires an Organ of State to determine its Preferential Procurement Policy and to implement it within the framework prescribed. This requirement is given effect in the adopted municipal supply chain policy.

Staffing of the Finance and SCM units

The municipal budget and treasury unit including the Supply chain Management unit are well staffed with skilled personnel.

Payment of creditors

The municipality due to current financial hiccups or cash flow challenges is unable to pay Creditors within 30 days upon receipt of valid invoice.

Financial management System

The municipality is using pastel Evolution for financial transactions and financial management.

Key Performance Area: Local Economic Development

THEMATIC AREA	LOCAL ECONOMIC DEVELOPMENT	
NATIONAL GOVERNMENT STRATEGIC OBJECTIVES	• Speeding up growth and transforming the economy to create decent work and sustainable livelihoods. • Comprehensive and rural development linked to land agrarian reform and food security	
10 POINT PLAN	Enhance the municipal contribution to job creation and sustainable livelihoods through Local Economic Developments (LED's) utilizing cooperatives in every ward.	
NATIONAL PRIORITY OUTCOMES	Outcome 4: Decent employment through inclusive economic growth Outcome 5: A skilled and capable workforce to support an inclusive growth path Outcome 6: An efficient, competitive, and responsive economic infrastructure network Outcome 7: Vibrant, Equitable and Sustainable rural communities with food security for all	Role of Local Government • Create an enabling environment for investment by streamlining planning application processes • Ensure proper maintenance and rehabilitation of essential services infrastructure • Ensure proper implementation of the EPWP at municipal level • Design service delivery processes to be labour intensive • Improve procurement systems to eliminate corruption and ensure value for money • Utilize community structures to provide services • Develop and extend intern and work experience programmes in municipalities • Link municipal procurement to skills development initiatives • Enhance the municipal contribution to job creation and sustainable livelihoods through Local Economic Developments (LEDs) utilizing cooperatives in every ward. • Facilitate the development of local markets for agricultural produce • Improve transport links with urban Centre's so as to ensure better economic integration • Promote home production to enhance food security • Ensure effective spending of grants for funding extension of access to basic services
MUNICIPAL STRATEGIC OBJECTIVES	To create an environment that promotes the development of the local economy and facilitate job creation	

Local Economic Development Strategy

The Local Economic development strategy is at a draft form and is up for finalisation as soon as public participation has been conducted.

Level of current economic activity-dominant and potential sectors

Kagisano Molopo is an agriculture-based municipality, farming both livestock and crops. It boasts production of potatoes, peanuts, cabbage, carrots and onions amongst crops, and breeds cattle, sheep, goats, and wild game amongst livestock. Most of the crops produced are exported to neighboring provinces, such as the Northern Cape and neighboring countries such as Namibia and Botswana, as raw materials for consumption and/or further processing. Thus, a large portion of income is derived from the agricultural sector which is mainly owned by individual farmers/corporations. Most of the inhabitants are employed in the agricultural sector. There is also subsistence farming by villagers who at times sell their produce to generate household income.

Ganyesa as an administrative center of the municipality housed government sector departments (sub-district offices) that also contribute to the employment of the municipal population. The retail trade industry also contributes, though not significantly, as there are few major business establishments in the area, namely Shoprite, Saverite, Top T, Cash Build Boxer and other building material wholesales.

Banking sector

Capitec and standard bank are the only banks with branches operating in Ganyesa as an administrative center as well as ABSA, Standard bank and FNB Automotive Tellers Machines (ATMs). ATMs supported by ABSA and standard bank are also found at Morokweng and other few areas.

Job Creation Initiatives

300 Job opportunities created through EPWP while 906 job opportunities were created for CWP for 2024/2025 financial year. 80% of municipal procurement is sourced through local service providers.
